Re: amending BL 445-2001

I am of the opinion that we do not need Ministerial approval for the amendment of the noise bylaw to delete police dogs from its purview.

Should we be increasing the effect of the bylaw we would need approval. Reducing its effect is in my opinion different. As another example of this, for every event we hold where breach of the noise bylaw is a concern, we pass a temporary waiver of the noise bylaw. These waivers are not submitted to the Ministry for approval before taking effect.

In my opinion, the bylaw is valid as is and can be acted upon immediately.
